We'll take care of the phone calls so you can take care of your patients.

Simple Admit.

Simple Assist™

Patients call us to complete a customized screening and registration.

Patients can call to speak with one of our HIPAA-compliant patient-care specialists.

Moving from paper to an online admissions tool is simply smart, but for those patients who are uncomfortable or unable to go online, Simple Assist is the answer. With Simple Assist, patients can speak with a Simple Admit specialist to complete your customized pre-visit registration and screening questionnaire. Patient information is available in real time for nurse review. Our team will handle the phone calls to and from patients, which gives nurses more time for patient care.

Simple Assist enhances efficiency and saves money. Call today for flexible plan pricing.
